Unique
 Create Your Own Shower

Create a truly bespoke shower for your perfect bathroom tranquility. p66

Discover

UNDERSTANDING YOUR SHOWERING OPTIONS

BAR VALVE SHOWERS

Occupying slightly less area than traditional exposed valves, bar valves are an economical choice that are ideal for compact shower spaces. Exceptionally easy to install and maintain, our collection of bar style mixer shower valves are available with a classic single function handset, or as a dual function system with a rainfall effect showerhead. Available in smooth, round or sleek square designs.

EXPOSED SHOWER VALVES

Bring the charm of traditional brassware into your home. Our timeless collection of surface mounted showers pair the period style you love with our tried and tested engineering, giving you that vintage feel with the comfort that your shower will last for years to come.

PUSH BUTTON SHOWER VALVES

Making the everyday task luxurious. Swiss engineering combines with intelligent push button technology to offer you effortlessly luxurious showering, all at the touch of a button. Available in an expansive range of styles and configurations.

CONCEALED SHOWER VALVES

Our concealed thermostatic shower valves offer single, dual or triple function, all in one easy to control system. Single function allows you to choose your perfect temperature level, dual function allows you to seamlessly switch between handset and overhead showers, whilst triple function adds our smart flow bath filler. Both include a specific handle to control the temperature, meaning you can choose your perfect level and leave it for the next time you shower.

10 YEAR GUARANTEE

All Roper Rhodes shower systems come complete with a 10 year guarantee, including the thermostatic cartridge.

Making things simple

CONCEALED PUSH BUTTON SHOWERS

Push button shower systems are the perfect family showering solution, the ergonomic controls allow you to change the showering function at the push of a button. Our Event-click showers are easy to operate and the ideal solution for the modern bathroom. The shower handset features 3 invigorating spray functions, energising, relaxed and massage, providing you with the ultimate choice for relaxation. The separate thermostatic control dial means you can set your desired temperature which keeps it constant for every shower.

EASY INSTALLATION

The valve can be easily removed and serviced even after installation giving you total piece of mind.

Concealed push button valve solutions EVENT-CLICK VALVES

Push button shower valves feature easy to use controls, they benefit from instant start/stop activation for up to 3 outlets. Their concealed styling offer a stunning minimalist design solution. The round handle controls the temperature (which you can set and leave, ensuring the perfect temperature each time you shower). The buttons control the chosen outlets. Push button valves are only available within the Event-click collection.

FIXING KIT
All bar valves are supplied with surface mounted quick fixing kits for easy installation

CREATE YOUR OWN SHOWER

If our shower packages don't suit your requirements then you can design your own shower to meet your own specific needs & style. The guide in this section will help you select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower components available & build a shower which is bespoke to you.

Make it unique

CREATING YOUR OWN SHOWER

CHOOSE HOW MANY FUNCTIONS YOU REQUIRE

How many functions would you like your shower to control?
Our selection of valves give the option to choose from single, dual and triple function controls, see pages 16-39

SINGLE OUTLET

for single function valves to control a fixed head, handset or bath filler

DUAL OUTLETS

delivering water to two separate outlets for dual function valves to control two outlets, see options opposite

TRIPLE OUTLETS

delivering water to three separate outlets for triple function valves to control three outlets, see options opposite

SHOWER HANDSET

OVERHEAD SHOWER

SMARTFLOW
BATH FILLER

BATH MOUNTED
SHOWER KIT

OUTLET OPTIONS FOR SHOWER VALVES

Once you have decided whether you want a single, dual or triple function shower valve (p16-39), next you need to decide what outlets you would like your system to control. Choose from the selection above, all of which are available from Roper Rhodes, see pages 70-81 for all available options.

The finishing touch

BATH FILLERS

With a Smartflow bath filler, water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

GUARANTEE
Smartflow bath fillers benefit from a 10 year guarantee

HOW TO CONTACT US

If you need to contact us, our experienced in-house customer service team has a wealth of knowledge about our products.

01225 303900

sales@roperrhodes.co.uk

Monday to Thursday - 9:00am - 5:30pm

Friday - 9:00am - 5:00pm

REPLACEMENT PARTS

We carry extensive stocks of replacement parts and are normally able to dispatch spares within 24 hours of your request. Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive.

PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is dispatched. The prices charged will be those ruling at the date of dispatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.

PRODUCT SPECIFICATION

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and quoted within reasonable tolerances. The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items. If you are unsure we would recommend obtaining a swatch.
