THE PERFECT CHOICE FOR YOUR HOME

BRASSWARE IS OUR SPECIALITY

At **VADO** we believe in turning the ordinary into the extraordinary. Our products are beautifully designed for those looking to make a statement with their brassware and expertly engineered to keep up with the demands of modern bathroom living.

Our carefully curated portfolio ensures we have a collection to suit everyone's tastes; from traditional choices right through to contemporary, with a range of finishes inspired by trends, but always remaining timeless in design.

In addition, we are leading the way in new bathroom technology, whilst **providing innovative solutions to water and energy sustainability.**

†

SHOWERING EXPLAINED

Planning a new bathroom can be a daunting experience, especially with all the technical terminology. We have simplified this for you, helping you choose the right showering products for your home.

FAMILY FRIENDLY THERMOSTATICS

Our showering packages are thermostatically controlled; blending hot and cold water which avoids any temperature spikes.

OUTLET

An item that delivers water, e.g. Package A features two different outlets: an overhead shower and a shower handset and Package B delivers water to one outlet; a shower handset.

OVERHEAD SHOWER

A shower head that is in a fixed in position above your head, usually on the ceiling or wall mounted using a shower arm.

SLIDE RAIL

A wall mounted rail with a bracket to hold a shower handset, with an up and down sliding functionality for height adjustment.

MULTI-FUNCTION HANDSET

A shower handset that has different water spray types to enhance your showering experience.

CONCEALED VALVE

A shower valve that fits flush to the wall with all working parts hidden for a sleek finish.

DIVERTER

Redirects the flow of water between different outlets.

EXPOSED VALVE

A shower valve that fits on the wall for easy installation making them an ideal choice for a quick bathroom refresh.

THE RIGHT SHOWER FOR YOUR SYSTEM

It is important to identify the type of plumbing system you have in your home, to be able to choose a showering product that will deliver optimal water flow, and therefore the best experience. Simply contact your local plumber and they will be able to tell you the system installed and check your water pressure(s).

SYSTEM 1

If your system is gravity fed, you will typically find a hot water cylinder in the airing cupboard and a cold water tank in the loft.

If you are running this system without a pump you can choose any shower with the **LP** symbol.

SYSTEM 2

Combination boilers, usually located in the kitchen, instantly heat mains fed cold water and therefore do not require storage tanks.

For this system, you can choose any shower with the **MP** symbol.

Shower systems suitable for gravity fed installations can also be used with combination boilers.

SYSTEM 3

If your system is an unvented cylinder, a hot water cylinder will usually be located in the airing cupboard with a pressure vessel on top.

For this system, you can choose any shower with the **HP** symbol.

Shower systems suitable for gravity fed and combi boilers can also be used on a high pressure system.

SYSTEM 4

For this system, a booster pump will draw water from a hot water cylinder in the airing cupboard and a cold water tank in the loft.

For this system, you can choose any shower with the **HP** symbol.

For gravity fed systems the booster pump will enhance water pressure.

1. GRAVITY LP

Low Pressure, 0.2 - 0.5 bar

2. COMBI MP

Medium Pressure, 1 - 1.5 bar

3. PRESSURISED HP

High Pressure, 3.0 bar

4. PUMPED HP

High Pressure, 3.0 bar

AFTERSALES SERVICE

Often described as the heart of our brand, our Aftersales Team are always on hand for additional support. Experts in our customers and products, they are passionate about delivering outstanding customer service and are dedicated to ensuring our customers get only the best from **VADO** products.

With **VADO**, it's a personal experience.

DIGITAL ASSETS

We are committed to investing in advanced digital technology and software, with **VADO** products featuring on a range of industry leading digital platforms, providing only the best possible experience for our customers.

Experience Our Products In Full 3D

An enriched digital experience that allows **VADO** bathroom brassware to be viewed in full-scale 3D using industry-leading AR technology.

Inno+

Inno allows our retailers to design bathrooms using photorealistic renders, allowing customers to visualise their new room with **VADO** products in situ.

Virtual Worlds

Our customers are able to bring their dream bathrooms to life, with **VADO** products in situ, by creating 3D digital designs using virtual reality.

OTHER CATALOGUES AVAILABLE

If you are thinking of a complete bathroom makeover, our **Consumer Guide** aims to provide the perfect starting point for gaining inspiration and advice for selecting stylish brassware.

If you'd like to explore more of the **VADO** brands, all of our catalogues are available as PDF's on our website or you can contact our Customer Support Service team, as well as your local **VADO** stockist for printed copies.

Visit www.vado.com/stockists to find your local VADO stockist and discover the perfect showering option for you.

As part of our commitment to continuous product innovation, items in this catalogue highlighted with an hourglass timer icon are due to be discontinued from our portfolio and are last chance to purchase. Please speak with your local VADO stockist for more information.

GUARANTEE

All VADO products come with a 2 year guarantee as standard. Within this guarantee period VADO will provide replacement parts and any labour [SEE NOTE 1] needed to complete the product repair.

This standard guarantee may be extended by registering your product to give up to a 15 year guarantee period. Once registered:

Booth and Co. chrome and nickel brassware products have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

Brassware products from the Individual by VADO collection have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

VADO chromed brassware and stainless steel products have a 15 year guarantee (2 years parts and labour plus 13 years parts only).

VADO Sensori Smart Touch and Smart Dial products have a 5 year guarantee (parts and labour).

VADO Identity and i-tech products have a 5 year guarantee (2 year parts and labour plus 3 years parts only).

All other VADO products have a 3 year guarantee (2 years parts and labour plus 1 year parts only) [SEE NOTE 2].

VADO electric showers have a 2 years parts and labour guarantee.

GUARANTEE CONDITIONS

Our products are guaranteed against manufacturing defects from the date of purchase until the expiry of the relevant guarantee period shown above.

The guarantee is only valid if:

1. The product has been installed, used and maintained (maintenance guidelines can be viewed here) in accordance with VADO's instructions and subjected to normal use only.
2. The defect is not due to use of an unsuitable or inadequate water or power supply.
3. The defect is not due to accident, misuse, neglect or incorrect/inappropriate repair (other than by VADO or VADO authorised agents) or damage caused by foreign objects or substances.
4. The extended guarantee is only available if you have completed the Guarantee Registration Process. This can be done via the VADO website or via phone to our aftersales team. Registration must be completed within 6 months from date of purchase.

Under the extended guarantee period VADO will, at its option, offer to supply any replacement product (or component part) assessed to be defective [SEE NOTE 3].

The guarantee (whether standard or extended) is non-transferable to any subsequent owner.

All claims under the guarantee should be notified in the first instance to our Aftersales department, contact details below, this must be done no later than the last day of the relevant guarantee period. All claims must be accompanied by proof of purchase (sales receipt or delivery note) from an official VADO dealer.

The guarantee does not extend to any consequential loss or damage.

After repair or replacement, the relevant guarantee period will be calculated from the original date of purchase.

VADO operates a policy of continuous product development and therefore reserves the right to change the product, packaging and documentation specifications without notice.

NOTES:

[1] Labour via our engineer network is only available in the UK. Attendance by a VADO engineer or sub-contract engineer will be under our standard terms and conditions.

[2] VADO spare parts and shower hoses are under a parts only guarantee.

[3] VADO reserves the right to charge in advance for a product (or replacement part) pending collection and investigation (at VADO expense) to confirm a defect is due to a manufacturing issue. If a defect is found the charge will be refunded or cancelled. This guarantee is in addition to and does not affect your statutory rights as a consumer.
